

[China Engineering machine parts, Manufacturer, Supplier, Factory, Exporter in china](#)

Features Specifications: Engineering Machinery Parts

Engineering machine Parts Down the hole drill.

Down the hole Engineering machine Parts the machine accessories:

1: 80,90 Down the hole drill drill the machine valve the cover

2: 80,90 Down the hole drill with contact after drilling deal with contact before machine,

3: 90 Down the hole drill the machine to lead to the set

4: 50,60 Down the hole drill the machine to drill the pole

5: 50,60 Down the hole drill the machine to excessively take up
